

HUN REPLY IS NOT ACCEPTABLE

GERMANY'S PEACE ANSWER DOES NOT MEET WITH ALLIES APPROVAL

Note May be Meant For German People Because Among Them For End of War is Read in Message. Is Regarded as Not Satisfactory to France. Effort to Prolong Conversation is Seen.

HUNS WANT ADVANTAGEOUS PEACE

(By United Press)

Paris, Oct. 22.—"The German reply is no satisfaction to France," a high authority stated to the United Press today. "President Wilson stated an allied command should dictate the terms of an armistice. Germany asks it on a basis advantageous to Germany. She agitates the question of honor after the most numerous lies."

"I am sure President Wilson can not be pleased with Germany's attempt to make the world believe he was hasty when he denounced her murder. She would like to induce neutrals to verify things which already have been verified, thus to gain time and prolong the conversation."

Reply is Evasive

Paris, Oct. 22.—The Paris Matin considers the German reply evasive. "The present German government is not responsible," the newspaper declares today. "Scheidtmann is no better than Bethmann-Hollweg. He is a 'scrap-of-paper' man, but President Wilson will not be duped."

Reply Satisfactory

Copenhagen, Oct. 22.—The German press generally considers Dr. Solf's reply to President Wilson's note as a satisfactory statement for further negotiation. "As Wilson commands impossibilities, we must reckon on the continuing of the war," says the Tageblatt.

Revolt in Bulgaria

Copenhagen, Oct. 22.—A revolution has broken out in Bulgaria, according to a Vienna dispatch received today. Fighting is going on in the streets of Sofia, between laborers and troops. Three thousands persons have been killed.

Austria To Reply

Paris, Oct. 22.—1:45 P. M.—The Austro-Hungarian government soon will reply to President Wilson's note inasmuch as it has yet consented to peace negotiations, declared a semi-official dispatch from Vienna received here today.

Suggests Occupation of Germany

New York, Oct. 22.—Allied occupation of Germany for at least three or four years is an essential of any beginning of permanent peace, according to Stephen Lauzanne, member of the French high command in the United States.

Commenting upon the German note today M. Lauzanne said: "Germany, even in her present extremity, says her actions in France and Belgium are in accordance with international law. Perhaps the German people still think barbarity is part of the natural consequences of war. The German people must be cleared of such belief. The only way to cure them is to permit them to have a taste of military occupation in their own country."

Washington, Oct. 22.—President Wilson is to act promptly on the new German note, the official text of which reached the Swiss legation by cable today. President General, the

Swiss charge, arranged to deliver it to Secretary Lansing as soon as it could be decided.

The unofficial version as received by wireless from Germany, was discussed by the President and Secretary Lansing for several hours last night, but there has been no intimation as to Mr. Wilson's attitude.

If the President decides the note requires an answer, it is thought his reply will go forward within a few days, at most, while if no reply is to be sent, that fact probably will be made known promptly.

The President diplomatic observers say, is at liberty with perfect consistency to follow the second course, awaiting fulfillment of the German promises to cease destroying passenger ships and to cause no more destruction in retiring from France and Belgium than is required by military necessity.

Although the first part of the German note is regarded as an awkward attempt to meet the conditions laid down by President Wilson for consideration of an armistice, no one here believes that an immediate cessation of hostilities is in sight.

Generally, the opinion is that the only step possible at this time would be to authorize that, with approval of the allied governments, arrangements should be dictated by General Poch in the field for the evacuation of France and Belgium, as any such arrangements necessarily would safeguard the supremacy now held by the allies, an armistice virtually would mean surrender by the Germans.

The general tone of the note, together with the significant statement that "the offer of peace and an armistice has come from a government which is free from any arbitrary and irresponsible influence, strengthens the belief here that there is a genuine desire for peace in Germany. Like the first note, this one is regarded in official quarters as another step in the German plan of bargaining in the hope of getting terms more favorable than the unconditional surrender, which they are prepared to make finally if peace can come in no other way."

Diplomatic comment, while guarded, was practically agreed that Germany had pocketed her pride in the latest note. But some expressed the view that her extreme humility looked

JAMES SWIHART IS DEAD

Son-in-Law of Mr. and Mrs. John A. Spurrier Dies of Influenza

James W. Swihart, age 33 years of Fort Thomas, Kentucky, died at his home this morning at 8:30 o'clock after being ill only one week with pneumonia following an attack of the Spanish influenza. The deceased was a member of the Christian church. He was an assistant manager of the American Book company at Fort Thomas, Ky. He is survived by the widow, formerly Miss Hazel Spurrier of this city and four children, Jean, Mignon, James, Jr., and Daniel Keller. His death comes as a great shock to his many friends in this city. The body will be brought to the home of Mr. and Mrs. John A. Spurrier in North Morgan street.

POLICE ORDERED TO STOP LOAFING

Notify Proprietors of Pool Rooms, Cigar Stores and Candy Kitchens Today

COMPLAINTS ARE BEING MADE

Dr. Kinsinger Believes Disease is on Wane in City—No Indications of This Elsewhere

Leaves May be Burned on Thursday, The Mayor Says
Mayor Irvin announced today that leaves may be burned Thursday. "If it does not rain in the meantime," he said today. "leaves may be burned Thursday, beginning at 10 a. m. and continuing all day. Owners and occupants of property are urged to get busy and clean up the job that day." There has been a ban on the burning of leaves because of the influenza epidemic.

The police this afternoon were instructing pool room, candy kitchen and cigar store proprietors not to permit loitering or loafing in their places of business on account of the epidemic of Spanish influenza.

The health authorities served a similar notice on such places of business last week, but complaints have come to them of violation of the order, especially in pool rooms. This morning Dr. J. B. Kinsinger, secretary of the city board of health, conferred with Mayor Irvin, with the result that the order was issued to the police.

Although there was a decrease in the number of cases of Spanish influenza reported yesterday, it is believed that not near all of them are being reported by physicians because they are so busy waiting on patients. Reports of five new cases were received in the morning mail.

Ten new cases in the city and nineteen elsewhere in the county reported to the county health officer, Dr. E. L. Wooden, yesterday, with one more death being traced to the disease, indicates that the epidemic is by no means on the wane in Rush county. The twenty-nine new cases make a total of four hundred and nineteen cases of the disease which have been reported.

The eighth death attributed to the disease occurred today, when Mary Louise West died of pneumonia, following an attack of influenza, at the home of her grandfather, Tobias Owens, making the third death in

YANKS MEAN BUSINESS

William Trobaugh, Marine, Says Germans Have Discovered This

William Trobaugh, 6th regiment of the marines, writes that the Germans have discovered that the Americans mean business, in a letter to his mother, Mrs. Belle Trobaugh, 832 North Harrison street. Private Trobaugh says that he has been over the top and that on one occasion his unit completely surprised the Huns. He declared that they very plainly showed that they were taken unawares. Private Trobaugh has been in the service over a year. This is the second letter his mother has received from him since he went overseas.

TOTAL 71 HELD FOR GENERAL SERVICE

Physical Examinations of Registrants to Date Result in 32 Being Rejected

20 FROM DISTRICT BOARD

Local Army Board Makes Arrangements to Begin Mailing Questionnaires Tomorrow

The last of the names of the registrants between the ages of nineteen and thirty-six, inclusive, who received deferred classes, will be found on page 4 today. In some instances registrants in the list with no dependency claims, were given the classification by the district board on occupational grounds.

The physical examination of registrants yesterday resulted in ten being held for general military service and one for limited service, and eight were rejected. Two of the registrants called for yesterday were unable to report on account of sickness and one has been inducted into the S. A. T. C.

Counting yesterday's examinations, a total of seventy-one registrants of the September 12 class have been held for general military service, six for limited service, and thirty-two have been rejected and two placed in the remedial group.

The board has received competent orders for the induction of Karl Kennedy into the motor transport corps at Fort Sheridan, Ill. If he accepts, another registrant will have to be selected for the Camp Wadsworth call, because he was to go with that quota.

Rulings in the cases of twenty registrants have been received from the district board, eight of the number being denied deferred classes. The board today received competent orders for the induction of Robert H. McBride into the S. A. T. C. at Taylor university, Upland, Ind. The board was notified that John Norris, formerly of this city, had been rejected at Chicago where he was examined.

The board was making preparations today to begin mailing questionnaires tomorrow to registrants eighteen years of age and above thirty-seven. They will be mailed at the rate of ten percent a day until all have been placed in the mails. The legal advisory board has requested that registrants seek the

BRITISH TROOPS ENCLOSING TOURNAI ON NORTH AND SOUTH

Deep Wedges Are Driven Into German Line on Both Sides of This Important City, And Its Fall Seems Imminent. British Reach Escaut River Five Miles North and French Improve Positions on Lys.

FRENCH ADVANCE ON WIDE FRONT

(By United Press)

With British Armies in France, Oct. 22.—British troops are rapidly enclosing Tournai both from the north and south. Deep wedges have been driven into the German line on both sides of this important city and its fall appears imminent. The enemy is stubbornly defending the approach with artillery and machine guns.

HEADS TWO ORGANIZATIONS

Russell Titsworth—President Bundy Council and Earlham Seniors

Russell Titsworth, son of John A. Titsworth of this city, who is in Earlham college, has been signally honored by being elected president of the Bundy student council, which is the governing body of the dormitory. His election was made possible on account of the failure of Robert L. Petry, who was elected president of the Bundy council last spring, to return to college. Mr. Titsworth has also been elected president of the Earlham senior class. To be chosen head of two such organizations indicates the popularity of the Rushville boy in college. Mr. Titsworth is an enlisted man in the navy but is allowed to continue his education until he is called.

CAMPAIGN WILL BE LAUNCHED ON FRIDAY

County War Mothers Will Meet With Frank Donnell, District Chairman Of War Work Drive.

GOOD ATTENDANCE IS ASKED

The meeting of Rush county war workers, with Frank Donnell of Greensburg, district chairman of the United war work campaign, will be held at the sheriff's office at 2:00 o'clock, Friday afternoon to launch the drive in this county for the allotment of \$44,000 on the national fund of \$170,500,000, for seven war relief organizations. It was stated yesterday that the meeting would be held this afternoon but this was a mistake and all plans are being directed now toward bringing out a good attendance of the county war workers to insure the success of the campaign at the very outset.

Will Inlow, who is county chairman, urges that there be a good attendance to discuss campaign plans with the district chairman and other district workers who will be present. He is anxious for Rush county to make the same creditable showing that she made in other campaigns since the war began. Posters and other literature is being received and will be distributed throughout the county for advertising the drive for funds to support the soldiers both in training camps in the United States and overseas.

British Reach Escaut

London, Oct. 22.—British troops have reached the Escaut river on a five-mile front north of Tournai, Field Marshal Haig announced today.

The British advanced about a mile between the Escaut and the Lys river while the French improved their positions along the Lys river.

The Germans, it was announced, abandoned all coast defenses. The allies are now within less than a mile of Tournai, Haig added.

The left bank of the Echillon was reached five miles southwest of Valenciennes.

French Advance Along Serre

Paris, Oct. 22.—Resuming their progress on Serre, the French have advanced to within less than a mile of Crecy Sur Serre from the southward, the war office announced today.

German counter attacks in the Vouziers region have diminished in violence. There is great artillery activity north of Oise and in the Chateau Porvrien region.

French Advance in Flanders

London, Oct. 22.—3:15—French troops operating north of the British second army advanced on a wide front this morning and are making excellent progress, battle front dispatches reported today.

Italian Corps in France

Washington, Oct. 22.—Italian forces numbering nearly half a million men, are in France. General Mangin, in a telegram of congratulations to the Italian minister of war, disclosed the fact that Italy has a full army corps in the great battle in France.

Roumanian Legion Formed

Rome, Oct. 22.—In conformity to the desire of Roumanians residing in Italy, the government has authorized the formation of a Roumanian legion to operate on the Italian front.

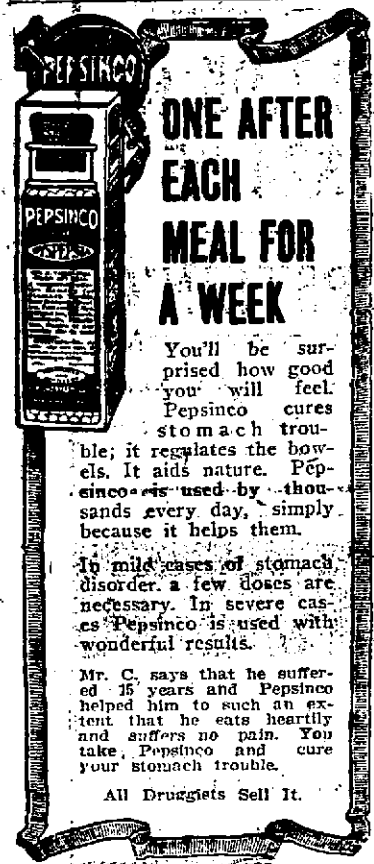

Yanks Clean Out Woods

With the Americans in France, Oct. 22.—The Germans continue to strengthen forces, opposing the Americans in the Argonne-Meuse region by rushing in units of new divisions. A captured order issued by Von der Meulitz, appealed to the German soldiers to hold this section at all costs, which he declares is most vital to German military movements. The Germans are determined to hold back the Yanks from clearing out the Rappes woods and overcast.

Famous Wash Heals Skin

D. D. D., the greatest of skin remedies will remove those skin afflictions that have made your life a burden. That intolerable itching, burning, scaling, redness, and oozing, the music of the remedy. It has cured many cases previously incurable and will reach your cure. We guarantee the first bottle to bring you relief.

FINAL STANDING IS UP TO BANKERS

Upon Their Patriotism And Promptness Depends Rating On Indiana On Fourth Loan.

TO PREVENT ANY SHRINKAGE
October 24 Is Last Day On Which Federal Reserve Bank Will Receive Any Reports.

Upon the patriotism and promptness of Indiana bankers, now depends, in a large measure, the final standing of Indiana in the record of the fourth Liberty Loan. With the state's allotment of \$108,750,000 subscribed, it remains for the final reports and cash to be turned into the seventh federal reserve bank, at Chicago, in order that the loyalty of Hoosier citizenship may have its proper recognition.

Liberty Loan sales organizations over the state are entitled to the continued support of the public to see to it that there is no shrinkage in the volume of subscriptions, due to delays or omissions between the local clearing houses and final issue of the bonds, as has happened heretofore, in isolated cases. October 24 is the last day upon which the federal reserve banks will receive reports.

Indications now point to a very creditable showing for the state in the fourth bond campaign provided no time is lost unnecessarily in the closing of the bond distribution transaction, which consists of this return to the federal reserve, of the cash proportion stipulated in the various plans of subscribing.

The state sales committee is particularly anxious that there be no remission of effort, now that the campaign practically has closed, to the end that the state and her loyal citizenship shall have due recognition at headquarters and among other states of the district and of the nation.

DOES NOT MENTION WOUND

Private John Heckman Writes Second Letter Since Being Injured

Another letter has been received from Private John Heckman, Company K, 47th Infantry, who was reported wounded in action in France, August 22, but he made no mention of having suffered a wound. Private Heckman, who is the son of Mr. and Mrs. Henry Heckman, has written twice since August 22 and if his parents had had no other means of learning of his injury, they never would have known that he was wounded. The first letter was written Sept. 2 and the one received here Saturday was written Sept. 29. Because the letters came through so soon, it is believed that he is in a convalescent hospital some place back of the line. Private Heckman's name was in the casualty list October 13.

CAPT. ONEAL IS IN FRANCE

Parents and Friends Receive Letters From Former Attorney

Captain Perry Oneal, of the 33rd Infantry, Lincoln division, who landed safely in England some time ago, is now in France, according to letters which have been received by his parents, Mr. and Mrs. Lieu Oneal, and his friends here. Captain Oneal said that he had comfortable quarters with a French officer, but that there was no electricity in the house and he missed an electric light. He noticed that an electric line passed the house, and in about an hour, had tapped the electric wire and had a light in his room, much to the dismay of the French, who are constantly marveling at the ingenuity of the Americans. Capt. Oneal was formerly a Rushville attorney.

DIES OF INFLUENZA

Ralph Peterson of Piqua, Ohio, died Sunday morning at his home from the influenza. The deceased was well known in this city and married Miss Harriett Smith of this city. Besides his wife, he leaves two children and a large number of friends and relatives.

IND. COAL MINE RECORD BROKEN

Hoisted 692,228 Tons During Week Ending October 12, An Increase Of 4,000 Tons.

CAR SHORTAGE IN MINES
Last Week's Production Accomplished In Spite Of Car Shortage Of 7.15 Per Cent.

Terre Haute, Ind., Oct. 22.—All records for coal production by Indiana Mines were again broken during the week ended October 12, when there were hoisted 692,228 tons, an increase of approximately 4,000 tons over the previous highest week, and almost 24,000 tons over the week immediately preceding.

Last week's production was accomplished in spite of a shortage of 7.15 per cent, and on some of the lines this shortage was of considerable proportion. The additional tonnage possible with a full car supply was 58,100 according to reports to the district representative of the United States Fuel Administration.

The Pennsylvania System had the most embarrassing car shortage of all the roads serving a great number of mines. The shortage on this system amounted to 12.01 per cent while the Monon, which for several weeks had been showing a tremen-

AMERICAN WOMEN LEAD THE WORLD

They Have Beauty, Health and Brains

"A really beautiful woman is always a healthy woman," remarked one of our noted beauty specialists, "for true beauty comes from the blood and strong, steady nerves. Rich red blood, the fountain of life and youth, shows itself in a clear rosy skin, solid flesh, fine form and a keen bright mind. Red blooded women and women who enjoy life and are sought after by men, they are the hope and leaders of the world."

American women lead the world in health, beauty and intelligence, and their number is increasing. They have learned the value of Iron and Phosphates in keeping them in perfect condition.

"The number of weak, pale, fagged out, run down and nervous women is bound to decrease rapidly, once the power of Phosphated Iron becomes more generally known," said a leading doctor. "There is not a reason in the world why women should not be strong, happy and a joy to look upon when the remedy is at hand."

Phosphated Iron has accomplished wonders with my patients. It has restored health, vitality, strong nerves and happiness to whole families. It's the healthy, red, from blooded, strong, phosphate-fed nerve and brain tonic that makes life and lead in every work. Think it over!

To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules, so do not allow dealers to substitute pills or tablets. Insist on capsules.

Pigman & Wilson, Druggists, and leading Druggists everywhere.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls, with "pasty" or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists, we should see a virile, optimistic throng of rosy-cheeked people everywhere.

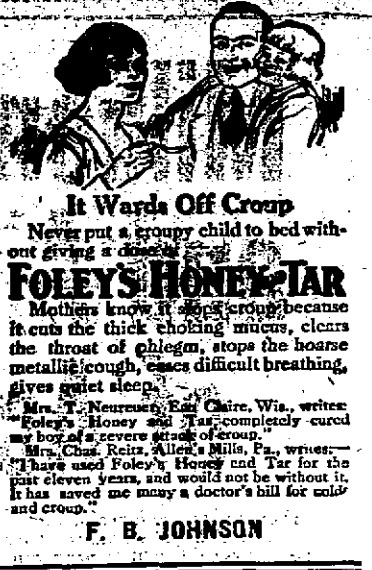

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons; thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities, to contaminate the blood while the pores in the skin are closed.

ous shortage, had a shortage last week of only 1.89 per cent. The Chicago, Terre Haute and Eastern and a shortage of 36 per cent while the E. I. had a shortage of 1.89 per cent. Labor trouble caused a loss of 2.24 per cent of the time.

If the speed maintained during the first two weeks of the month can be maintained, the October production figures will be the greatest in the history of the Indiana mines. This week, however, there was a considerable slowing up of production on Thursday by the desire of miners at three mines to lay off to celebrate some premature reports of peace. As all five of these mines were good sized ones, the incident caused a considerable diminution in the week's production record.

The maternity hospital at Toul, France, now has the assistance of the American Red Cross, in caring for the children born there. Medical supplies and clothing are being supplied. Care of the babies until they are two years of age has been arranged for.

It Wards Off Croup
Never put a croupy child to bed without giving a dose of
FOLEY'S HONEY-TAR
Mothers know it wards off croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases difficult breathing, gives quiet sleep.

Mrs. T. Neumann, Fair, Wis., writes: "Foley's Honey and Tar completely cured my boy of a severe attack of croup."

Mrs. Chas. Reitz, Allen, Pa., writes: "I have used Foley's Honey and Tar for the past eleven years, and would not be without it. It has saved me many a doctor's bill for cold and croup."

Millions Are Weak and Ailing Because of Acid-Stomach

There are any number of people who for years have been sick and ailing, weak, run down and in a poor physical condition who will be surprised—even dumbfounded—to learn that their trouble has just been an acid-stomach, which is merely another name for what doctors call superacidity. Yet it is now positively known that acid-stomach is the cause of a very large number of diseases.

Excess acid in the stomach prevents proper digestion and assimilation, thus causing the blood to become thin and impoverished as a result of which people become sallow-skinned, emaciated and anemic.

Excess acid causes irritation all along the intestinal tract—irritation so severe and aggravating as to frequently result in catarrh and even cancer of the stomach.

Excess acid causes stomach and intestinal fermentation, producing poisons which, absorbed into the blood and carried throughout the system, cause auto-intoxication, insomnia, nervousness, irritability, mental depression, melancholia, dizziness, vertigo and, often times, valvular heart trouble and heart failure.

Yes, many people will be greatly surprised to learn that such a long train of physical ailments can be traced directly to an acid-stomach. But there is no need for surprise. Think what acid mouth does to the teeth. The acid eats right through the enamel—the hardest substance in the human body. And that is exactly what makes teeth rot and decay. No wonder, then, that excess acid in the stomach plays such havoc, causes so much ill-health and misery—makes so many people weak and ailing—until for either work or pleasure and brings on premature old age.

So often you have heard the remark: "I've taken all sorts of tonics and medicines and tried many different doctors but nothing seems to help me." Nine times out of ten the person making such a remark has an acid-stomach. And until the excess acid is removed, nothing WILL help. Remove that excess acid and the results are truly wonderful. Health and strength return almost like magic.

You can now rid your stomach of its excess acid. A wonderful modern medicine called EATONIC literally wipes it out. It does the work easily, speedily and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of food you eat; and unless you DO get full strength from your food you cannot enjoy robust, vigorous health.

EATONIC is in the form of tablets. They are pleasant-tasting, you eat them just like candy.

Try EATONIC and see how wonderfully different you will feel. See how quickly EATONIC banishes the immediate effects of acid-stomach—bloat, heartburn, belching, food repelling, indigestion, etc. See how much more robust you feel in eating—how much more easily your food is digested—how soundly you sleep—how nervousness and irritability disappear. And all simply because by taking EATONIC, you get rid of a lot of excess acid that has been holding you back and making your life miserable.

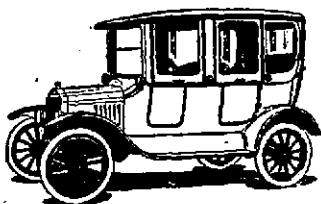

This is the new you food. You need it to keep your stomach in a strong healthy condition so that, in turn, your mind and body will be strong and vigorous.

It is so easy to get this help—and it costs so little. So why suffer another hour when sure quick relief is at hand? Ask your druggist about it. He knows that tens of thousands of people all over the United States have used this wonderful modern remedy and the results have been nothing short of marvelous. Everywhere people who have used EATONIC testify to its power to bring quick relief. The testimonials of some of these people are so enthusiastic and tell of such remarkable results as to be almost unbelievable.

If you are one of those who have "tried everything" but in spite of it are still lacking in physical strength and vigor begin at once to take EATONIC. Don't put it off. Get back your physical and mental punch. Have the power and energy to work with a vim. Enjoy the good things of life. Learn what it means to fairly bubble over with health. Like thousands of others, you will say that you never dreamed it possible that such a wonderful change for the better could be brought about so quickly.

So get a big box of EATONIC from your druggist today. We authorize him to guarantee EATONIC to please you and you can trust your own druggist to make this guarantee good. If EATONIC fails in any way take it back—he will refund your money. If your druggist does not keep EATONIC write to us direct and we will send you a big 50c box. You can send us the 50c after you receive it. Address H. L. Kramer, President, Eaton Remedies Co., Corner Wabash Avenue and 11th Street, Chicago, Ill.

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

Days Pickings

Miss Elva Miller, who has been ill with the Spanish influenza, is slowly recovering.

Frank Wilson has filed suit in the circuit court against Fred Dagler on an account.

Walter E. Hill as trustee, has sued Alva D. Eakins on notes, in the circuit court.

Louis Mauzy, who is in the artillery officers training camp at Camp Taylor, Ky., is slowly recovering from an attack of pneumonia.

A marriage license was issued today to Miss Pearl Kitchen, daughter of Mr. and Mrs. J. T. Kitchen of this city, and Edwin B. Humphreys of Raton, New Mexico.

Albert Gahimer of near Macilla has been found guilty of a serious charge by Squire S. L. Newhouse and has been bound over to the circuit court under bond of \$500.

George Helm has filed a suit for partition and sale of real estate in the circuit court, making Jefferson H. Claypool, Mary Buckner Claypool, Florence Cutter and Bertha Helm.

While the ban is on against public meetings, the Rev. F. M. Westhafer, of Arlington, is preparing a series of stereopticon lectures which he will give on week nights at his different churches to make up for Sunday services lost during the influenza epidemic.

Mary E. Sane and Mary E. Sane as administratrix of the estate of John H. Sane, has filed suit in the circuit court for a partition and the sale of real estate against Claude Sane, Myrtle Cranfel, Elizabeth Williams, Anna Armstrong, Forrest, John and Electa Millikan.

POLICE ARE ORDERED TO STOP LOAFING

Continued from Page One
this family from pneumonia since Sunday.

Dr. Kinsinger believes that the epidemic is dying out slowly in Rushville, although there are no indications of a decrease in the malady elsewhere in the county. Dr. Kinsinger points to the fact that only slightly in excess of a dozen cases have been reported since Saturday, which covers a period of three days.

Personal Points

—Louis Lambert spent the day in Indianapolis on business.

—John D. Megee went to Indianapolis today to transact business.

—George Sniz of Arlington, spent the morning in this city on business.

—Mrs. Fred Johnson went to Indianapolis, this morning on business.

—Lee Silver of Arlington, was a business visitor in this city this morning.

—Clifford Myers of Williamstown, spent the day in Indianapolis, on business.

—Clarence Farlow, living south of Milroy, went to Indianapolis, this morning.

—Miss Bessie Morris, living north of the city, has left for an extended visit with relatives in Kinsley, Kansas.

—Captain Ross Conway, who is in charge of the Salvation Army camp in Lafayette, Ind., is home for a short visit with relatives.

—Mrs. Mary Poston and children George and Estella, returned to their home last night after touring Kentucky, West Virginia, Pennsylvania, Maryland and Ohio.

—Mr. and Mrs. Clarence Cross and Mr. and Mrs. Rich Reed motored to Cincinnati and will be the guests of Mr. and Mrs. Herschel Hawk this evening.

—Mr. and Mrs. O. H. Ruddle have returned to their home in Winfield, Kansas, after making an extended visit with Mrs. Ruddle's sister, Mrs. William Rodenbaugh and Miss Clara Ruddle.

—The Rev. W. W. Sniff of New-castle, Pa., former pastor of the Main Street Christian church here, is visiting Mr. and Mrs. J. D. Case of this city on his way home from attending the National Christian convention at St. Louis, Missouri.

—Mr. and Mrs. D. D. Ogden and daughters Marion and Orma of Ithica, Michigan, who have been visiting with his parents, Mr. and Mrs. M. J. Ogden of East Eighth street for a week, have left in their machine for Florida where they will spend the winter.

PRICE OF PAPER INCREASES

War Industries Board Adds 50 Cents a Hundred to News Print

On account of a late ruling of the paper and pulp division of the war industries board, the Daily Republican will have to pay \$360.00 more for this year's supply of paper. The board has increased the price of news print at the mills to \$3.75 a hundred pounds, which is an advance of 50 cents a hundred over the price last fixed and of \$1.15 a hundred over the old contract price, before the war industries board took charge of the print paper market. The board has ruled that the new price fixed will be retroactive and it applies to all paper purchased since April 1.

The design of an eagle was at one time considered for the national flag of the United States, but the suggestion was abandoned.

DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's Liniment before it gets dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinges! Same for external aches, pains, strains, stiffness of joints or muscles, lameness, bruises. Instant relief without mussiness or soiled clothing. Reliable—the biggest selling liniment year after year. Economical by reason of enormous sales. Keep a big bottle ready at all times. Ask your druggist for Sloan's Liniment.

We Know It Is Hard

To get the Christmas spirit so early, but rather than disappoint the boys in France, we now have on display our beautiful line of personal greeting cards and

October 31st

is the final date for mailing cards to the soldiers. Just a little more than a month and by the time that your order has been filled, it will really hurry you to get them mailed.

Embossed and Engraved

Yes, all the samples are embossed in colors and engraved. Your name engraved adds the personal touch. Send the boys over there a message on Christmas day—it will enlighten them. People who bought cards last year must bring their plates. This is going to be a card Christmas because it is cheaper and answers the purpose of an expensive gift. Presents will not be sent to soldiers this year because the government needs the ships to carry soldiers instead of heavy mail.

Germany Has Not Repented

While it is true that Germany may have made some concessions in her reply to President Wilson's note, it is also true that she has not by any means repented of her sins. The German government has the temerity to protest against the reproach heaped upon it for "illegalities and inhumanities."

The German government says that in sinking ships, German submarines did not purposely destroy life boats or passengers. We of the United States think differently and unless Germany changes her mind in this respect, the peace for which the allies are striving can never be accomplished now. We know that when a German submarine commander attached a life boat filled with survivors of a torpedoed ship, and submerged, that it was not "unintentional"; that it was not a mere accident. We here in the United States are also convinced, regardless of life boats from a destroyed passenger steamer was not "accidental." We know that it was but a small part of the fiendish campaign of the Huns to terrorize the world and bring it into submission under the German will. We also know that Germany purposely destroyed passenger ships, even after she had come penitently to the United States

seeking a negotiated peace.

None of these terrible wrongs against humanity and civilization has Germany repented. Instead, she wants to argue the question and have the facts cleared up by a neutral commission. She condones the crimes which her troops have committed in withdrawing from conquered territory. She says that the laying waste to France and Belgium is in accordance with the tenets of international law.

However that may be—it is at least wrong if it is lawful—Germany can not at least cite international law as a precedent for deporting Belgian women in 1916 and for carrying off 15,000 inhabitants of Lille, France, before evacuating the city, taking them into captivity and slavery. Neither can she reply on international law to support her contention that it is right for low-flying airplanes to fire on crowds of civilians in Lille while her armies were leaving the city. All of these crimes and numberless others must Germany repent before she can talk peace.

Nuts For Nutrition

Bright, crisp October mornings and time to put on the children's warm, brown sweaters and red tan o'shanterers, and go out into the country, nutting.

In the old days we went because it was a picnic. Those were the days when we thought of nuts as merely something to nibble if we had time to linger and talk together after the Sunday dinner. Then we did not think so much about calories and food values and conservation.

Now we know that the incidental nut of the bygone Sunday dinner is a highly important food.

Delicious soups may be made of chestnuts or peanuts, and these two are good in sandwiches, croquettes, salads and cakes. Peanut butter is wholesome and makes a good filling for sandwiches for the children's school lunch box.

The combination of nuts and fruit is excellent in food values and patriotism, too, because these are products that we are not asked to save

are not sending to our army abroad. Nuts and raisins are an ideal war dessert. In the summer fruit was sufficient; but now that winter is coming, and more heat-giving food is needed in our diet, just add nuts and serve, and there you are—well-fed and patriotic—and you have saved some sugar for Sammy's sugar bowl.

And the best part of it is that now in the days when we are learning not to waste anything, a use has been found even for the shells of the nuts. They make them into carbon for gas masks for soldiers. So the children who had such fun gathering the nuts and eating them, can have the pleasure of saving all the shells and taking them to the Red Cross where they will be packed into bags and sent away for their last stage of usefulness. For this purpose, however, only the shells of walnuts, butternuts, and hickory nuts are used. So, pack the lunch boxes, get off to the woods and come home at the end of the autumn afternoon with baskets of beautiful shiney pecans, hard little hickory nuts, ripe brown chestnuts, and big, fat walnuts!

The Whimsical Thug

Between one and two million French soldiers have been killed during the war, and over nine hundred thousand of the British.

And as evacuation proceeds on the edge of Flanders the Germans enter the houses of villagers and destroy the intricate mechanism of the lace-making machines which yield them a livelihood.

The Potsdam maniac is debilitated with both the foregoing items in his account. The former looks the more portentous, but there is a special significance in the latter. As a contribution to war activity lace ranks at zero. The villagers who made it will probably be employed in munition shops at present, and, if anything, the allied cause will gain a little thereby. But only a little. Economically, the whole incident is unimportant.

And therein lies its real importance. Destruction is by this time an instinct with the Prussian command, to be practised even when no military advantage accrues. It is done mechanically—almost unconsciously. These wanton cruelties cause grief to the owners of the machines, but no detriment to the allied armies.

The sheer clumsiness of these acts of malice enable us to see a little further into the enemy's character, but only a little further than we have already seen. Now that talk of a peace conference is in the air it is fortunate that we are familiar with the intimate peculiarities that characterize those who seek reconciliation with us. We are less likely to accept promises without guarantees.

In these days we are surely living history.

The slogan of the tank service is said to be—"Treat 'em rough." Certainly there is not much of the pink tea element about tank life.

The people who love to pay over \$12.00 for their shoes will have that privilege until after the first of next June. They had better take advantage of their opportunity.

The word of Germany is certainly not as good as its bond. And the holders of German bonds are said to be feeling much anxiety about the value of their investment. Draw your own inference as to what the word is worth.

The Germans have evacuated the Ladies' Road (Chemin des Dames). It may be no place for a lady at present, but it is an excellent location for doughboys.

A jack to lift telegraph or telephone poles from holes has been invented by a Chicago man.

MEN FEEL TIRED, TOO.

While much is said about tired women, it must be remembered that men also pay the penalty of overwork. When the kidneys are weak, inactive or sluggish, when one feels tired out and miserable, lacks energy and ambition, Foley's Kidney Pills are tonic and strengthening. Wm. H. Clark, Springfield, Ohio, writes: "I found no relief from kidney trouble until I discovered Foley's Kidney Pills. Now I am in a shape to get on my feet and sure."

Nervous, Run-Down Woman

Tells How Vinol Creates Strength

Duked, Tenn.—"I live on a farm and keep house for six in my family. I got into a nervous run-down condition so it seemed as though I would die. A friend advised me to try Vinol. It have been greatly improved by its use and am better and stronger, in every way."—Mrs. H. G. Goodman.

The reason Vinol was so successful in Mrs. Goodman's case is because it contains beef and cod liver peptones, iron and manganese peptones, iron and glycerophosphates, the very elements needed to build up a weak, run-down system and create strength.

F. B. Johnson & Co. and Drug-gists everywhere.—(Adv.)

Proud of Rush County?

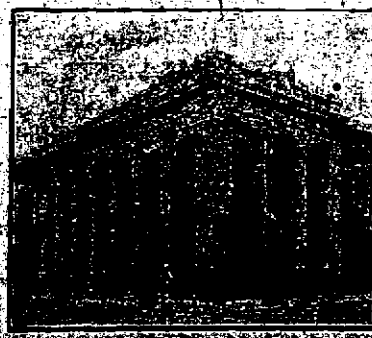

Well, you should be. The citizens of our county have again met the call of the Government in their over-subscription of Fourth Liberty Loan Bonds.

Amount Subscribed \$1,184,300.00
Allotment \$1,100,000.00

Oversubscription \$ 84,300.00

As long as the war lasts every person should follow a definite plan of Savings and by this method prepare to meet the successive calls of the Government.

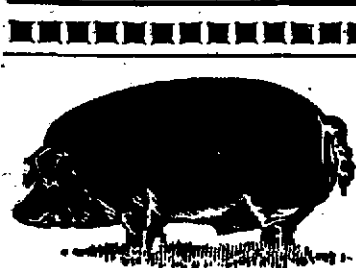

DO NOT WAIT until the campaign for funds is on. BEGIN NOW to prepare for the next call.

Assemblers vs. Manufacturers.

A FACTORY is a place where things are MADE. Some
so-called factories are merely assembling plants where they put to-
gether, what other real factories build.

The factories where the "RUSHVILLE SPECIAL"
Spreaders are built produce these machines direct from the raw ma-
terial. Every part and piece going into these machines with one ex-
ception, the steel chain, is made from the raw material in the Litch-
field Factories. Pig-iron, steel, raw lumber—these are the things
that go into the Litchfield Factories and the completed machine
comes out.

Our customers will be surprised to find how many "factories"
depend on other factories to produce many of the parts and pieces
that go into the machines they produce. The Litchfield Factories
make their own steel castings, their own steel wheels, their own bolts,
their own seat springs, their own rolled shafting. In fact every-
thing in this spreader is under the direct building control of the
Litchfield Organization and this means a KNOWN quality such
as it would be absolutely impossible to produce if the machine were
built in a half dozen different plants and assembled in another one.

This is one of the important reasons why this machine can be
sold under the liberal guarantee which we place behind it. Come and
see it.

RUSHVILLE, INDIANA.

EMORY SCHMIDT IS DEAD

Former Rushville Man Expires at
Kankakee, Ill., of Influenza

Emory Schmidt, age thirty-one
years, recently of this city, died at
his home in Kankakee, Illinois, Sun-
day evening at 11:15 o'clock of
Spanish influenza and his wife is at
the point of death from the same
disease, according to word received
by friends here. Mr. Schmidt was
employed as a printer at the Daily
Republican office for three and one-
half years and left with his family
two weeks ago last Thursday for
Kankakee to accept a position in a
printing office there. He is survived
by the widow and three children.

TO ACT AS VISITING NURSE

Mrs. Edna Riggs Will Fill The Va-
cancy For The Present.

The members of the Woman's
Council have secured the services of
Mrs. Edna Riggs, who will fill the
place of the visiting nurse for the
present. Physicians knowing of
cases, who are in need of this ser-
vice, are urged to call her at phone
1255 or leave word with Mrs. T. M.
Green, president of the Woman's
Council.

IS ACCEPTED FOR CANTEEN SERVICE

Miss Nell Baldwin, High School
Latin Teacher, to go Overseas
With the Y. M. C. A.

TO LEAVE IN ABOUT 2 MONTHS

Miss Nell Baldwin, Latin teacher
in the Rushville high school, has
been accepted for the Y. M. C. A.
canteen service in France and will
leave for overseas in about two
months. The vacancy on the high
school faculty caused by her resig-
nation has not been filled. Since the
schools have been closed on account
of the epidemic of Spanish influen-
za, Miss Baldwin has been at her
home in Greenfield and has written
friends here that she has passed the
final examination for physical fitness
and has been accepted. Miss Baldwin
is the first girl from here to enter
this branch of the service. She has
been endeavoring to get into some
war work for several months but
was not certain that she would be
successful in entering the Y. M. C.
A. canteen service until she passed
the physical examination.

Miss Baldwin has taught Latin in
the high school here for seven years
and her services will be greatly
missed. It is believed, however, that
it will be possible to fill the vacancy
before Miss Baldwin leaves in spite
of the shortage of school teachers
due to the war.

An incubator invented by a Paris-
ian not only hatches chickens, but
protects them from microbes until
they reach a certain age.

Women are being employed in the
manufacture of bricks at Milling-
ton, Pa.

SORE THROAT

Colds, Coughs, Croup and Catarrh
Relieved in Two Minutes

Is your throat sore?
Breathe Hyomei!
Have you catarrh?
Breathe Hyomei!
Have you a cough?
Breathe Hyomei!
Have you a cold?
Breathe Hyomei!
Hyomei is the one treatment for
all nose, throat and lung troubles.
It does not contain any cocaine or
morphine and all that is necessary
is to breathe it through the little
pocket inhaler that comes with each
outfit.

A complete outfit costs but little
at druggists everywhere and at
Johnson's Drug Store and Hyomei
is guaranteed to banish catarrh,
croup, coughs, colds, sore throat
and bronchitis or money back. A
Hyomei inhaler lasts a lifetime and
extra bottles of Hyomei can be ob-
tained from druggists.—(Adv.) 10

DON'T MISS THIS. Cut out this
slip, enclose with 5c and mail it to
Foley & Co., 2835 Sheffield Avenue,
Chicago, Ill., writing your name and
address clearly. You will receive in
return a trial package containing
Foley's Honey and Tar Compound,
for coughs, colds and croup; Foley
Kidney Pills, for pain in sides and
back; rheumatism, backache, kidney
and bladder ailments; and Foley
Cathartic Tablets, a wholesome and
thoroughly cleansing cathartic, for
constipation, biliousness, headache
and sluggish bowels. F. B. Johnson.

36 GALLONS OF WHISKEY DUMPED

Intoxicating Liquor Confiscated Here
Two Months Ago is Poured
into The Sewer

ACTION ON COURT CASES

Judge Alonzo Blair Appointed to
Hear Herkless-Keller Case— Mo-
tion For New Trial Denied

Thirty-six gallons of whiskey have
been poured into the sewer at the
county jail on orders of Judge Will
M. Sparks of the circuit court. An
order was issued by the court Sat-
urday to destroy the intoxicating
liquor which was confiscated two
months ago when John Montgomery
and Otis Coleman, colored, were ar-
rested here, while enroute in an au-
tomobile from Hamilton, O., to In-
dianapolis.

In the divorce suit of Bessie M.
Boyer against John H. Boyer, by
an agreement of the parties, Mrs.
Boyer has been allowed \$5 a week
for supporting pending the hearing
of the case, and \$15 attorney fees.

On default of the defendants, the
quiet title suit of Emory A. Jarrett
was submitted and finding and judg-
ment were returned for Mr. Jarrett,
quieting the title as prayed. The
same action was taken in the quiet
title suit of Charles E. Morris
against William McAlldridge and
others on the default of the defend-
ants.

A motion for a new trial, filed by
the plaintiff in the case of Irvin
Cross against his father William
Cross, for an accounting and receiv-
er, was overruled with exceptions to
the plaintiff.

Judge Alonzo Blair of the Shelby
circuit court has been appointed
special judge to hear the case of
Arvel R. Herkless et al. against the
Julius Keller Construction company
et al., which was filed September 8
1916. The suit is for \$3,000 damag-
es. Judge Springer of Connersville
was the special judge who heard
some of the preliminary arguments
in the case, but the appointment of a
new special judge was made neces-
sary because of Judge Springer being
accepted for training in the artillery
officers training camp at Camp Tay-
lor, Ky.

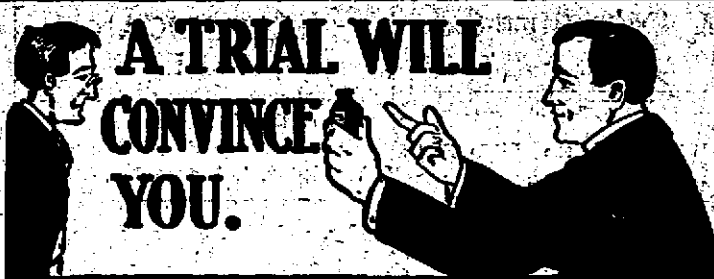

Finding and judgment has been re-
turned for the defendant in the case
of Laura Ivins Riley et al. against
David Ivins et al., to establish a lost
will. The evidence was heard Oc-
tober 16 and 17 and taken under ad-
visement by Judge Sparks.

A motion to separate the causes of
action, filed by the defendant in the
case of Norma Martin of New Salem
by her next friend, her husband,
Clyde Martin, against Pearl Fisher
an Anna M. Logan, has been sus-
tained with exceptions to the plain-
tiff. The suit alleges slander and is
for \$15,000 damages.

The suit of the Campbell, Bos-
worth Machinery company against
Fred D. and Louis Neatzenheizer, on
an account, has been dismissed at
the plaintiff's costs.

The suit of S. L. Bowser, Incor-
porated, against O. L. Carr, on a
note and contract, has been sent to
Shelby county on a change of venue.

Machinery for ships in which a
steam turbine and an oil engine are
coupled to each propeller, permitting
either kind of fuel to be used, has
been patented by a Swiss inventor.

A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly
convince you of the value of Chamberlain's
Tablets as a personal trial. We can tell you
of thousands who have been permanently cured of
chronic constipation, indigestion, biliousness, sick
headache and disorders of the stomach and liver,
but this will have little weight with you as compared
to a personal trial. That always convinces.

Chamberlain's Tablets

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body,
Sparkling Eyes and Health-Colored
Cheeks Come in Two Weeks, Says
Discoverer of Bio-feren.

World's Grandest Health Builder
Costs Nothing Unless It Gives to
Women the Buoyant Health They
Long For.

It is safe to say that right here in this
big city are tens of thousands of weak,
nervous, run-down, depressed women who
in two weeks' time could make them-
selves so healthy, so attractive and so
keen-minded that they would compel the
admiration of all their friends.

The vital health building elements that
these despondent women lack are all
scientifically supplied in Bio-feren.

If you are ambitious, crave success in
life, want to have a healthy, vigorous
body, clear skin and eyes that show no
dullness, make up your mind to get a
package of Bio-feren right away.

It costs but little and you can get an
original package at any druggist any-
where.

Take two tablets after each meal and
one at bedtime—seven a day for seven
days—then one after meals till all are
gone. Then if you don't feel twice as
good, look twice as attractive and feel
twice as strong as before you started your
money is waiting for you. It belongs to
you, for the discoverer of Bio-feren
doesn't want one penny of it unless it
fulfills all claims.

Note to Physicians: There is no
secret about the formula of Bio-feren.
It is printed on every package. Here
it is: Leucithin; Calcium Glycero-phos-
phate; Iron Peptonate; Manganese Pe-
ptonate; Ext. Nux Vomica; Powd. Ben-
zoin; Phenolphthalein; Oleoresin Cap-
sicum; Kolo.

INGENUITY AND PLANNING NEEDED

Relatives Have to Pack Christmas Cheer For Overseas Soldiers in Small Carton

PROVIDED BY THE RED CROSS

Rush County Chapter Will Endeavor to Provide Every Boy From Here With a Parcel

Will every Rush county soldier "over there" have a Merry Christmas? The Rush county Red Cross answers "yes" for this society is going to see to it that every possible measure is taken for every Sammy to get the Christmas box that his "nearest of kin" is allowed by Uncle Sam to send him.

Just how all of the Christmas cheer that would naturally fill a huge box can be crammed into the permitted carton, 3 by 4 inches, and weighing under three pounds, is a cause for careful planning and ingenuity. The Red Cross offers help here, too, by telling just what can and can not be sent in these boxes, in order that none of the articles will have to be rejected on inspection.

Persons intending to send Christmas packages to the boys "over there" should read carefully the following rules which will be followed by the Red Cross in packing the cartons.

The Red Cross Christmas parcel labels being sent home by the boys, should reach their destinations here in the United States by November 1. That will allow two weeks time for filling the cartons with Christmas surprises for the boys and delivering them to Red Cross receiving stations for mailing.

Rush county recipients of these labels will take them to the Christmas parcels receiving station, located in the recorder's office, at the court house, and ask for a carton. Fill the carton with articles not named in the list of unavailable articles, taking care to keep the total weight under three pounds; and return the filled carton to the Red Cross to be inspected, wrapped, weighed and left for mailing with the overseas labels and postage, which will be thirty-six cents, paid by the sender, attached.

Articles prohibited in the mails are:

1. All spirituous, vinous, malted,

fermented or other intoxicating liquors.

2. All kinds of poison and all articles and compositions containing poison.

3. Explosives of all kinds.

4. Inflammable materials, including friction matches.

5. Infernal machines and mechanical, chemical or other devices or compositions which may ignite or explode.

Note: Under this classification would come cigarette lighters etc.

6. Liquids or liquefiable articles, fragile articles and other admissible matter when not packed in accordance with the requirements of the postal laws and regulations.

7. All other articles which may kill or in any wise hurt, harm or injure another or damage or deface or otherwise injure the mails or property.

8. Messages or notes as the post office forbids forwarding written messages under parcel post rates.

Bear these facts in mind when packing your Christmas parcels. Nothing should go in Christmas parcel which will not keep fresh from the time of packing until Christmas.

Dried fruits and other food products should be packed in small tin or wooden boxes, one quarter to one-half pound size.

Hard candy, including chocolate, would probably be safe in tin foil or heavy cardboard but no soft chocolates nor anything that could possibly be crushed should be used as the remaining contents of the package might be spoiled thereby.

Several dainties packed in oblong tin boxes holding each a quarter of a pound, will provide a better variety for a package than a larger quantity of a single confection.

No liquids nor articles packed in glasses should be placed in the package.

For wrapping the gifts, use a khaki colored handkerchief twenty-seven inches square.

Cartons must be returned in time to be inspected before November 15.

No Red Cross parcels cartons will be mailed out by the post-office after November 15, 1918.

In the event of a Christmas parcel label being lost, no duplicate can be issued. This rule cannot be altered by anyone.

WAR FLIER MAKES RECORD

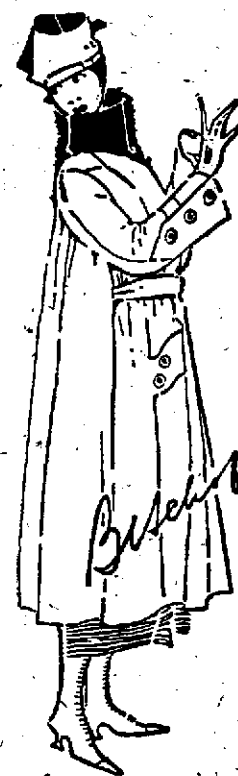

With the American Army Northwest of Verdun, Oct. 19.—Aviator Will Ervin of Chicago, had a busy day Friday. Early in the morning he brought down a German airplane in a fight near Meville. Later he participated in the all-American raid behind the German lines, acting as one of the scouts protecting the bombing machines.

NOTICE

My phone number has been changed from 3408 to 2064.

JACK PARRISH

What our prices save you should be put into War Savings Stamps

A combination of merchandising foresightedness enables us to save you considerable money in your coat and suit buying this fall.

It's just this—we placed our orders very early with makers who had long ago laid in great reserve stocks of materials, both of us thus avoiding many of the heavy price advances that are now figured into the selling prices you are confronted with elsewhere.

Grant that elsewhere prices—because of their greater prevalence—are standards of value today. Ours, then, are better than standard.

Grant, too, that you are able and willing to buy on the basis of prevailing values. Good! Set your limit, buy here for less, and invest the difference in War Savings Stamps!

That will be good financing for the Stamps will earn interest; effective patriotism for the money put into Stamps means more punch in the fighting abroad, a quicker return and fewer casualties.

You will find another advantage here—style. Our makers are big—so big they have their own style-correspondents abroad and employ the highest paid designers in this country—men and women who create styles that serve as models for others to copy or adapt.

Considering the times our assortment is unusually extensive. We can please you in point of simplicity or gaiety—we can meet the lean purse or the opulent.

Oct 15-22

The State of Indiana, Rush County.

In the Rush Circuit Court, September Term, 1918.

P. J. Sattler, admr. estate of Jemima Smith vs. Newton Smith and Alfred Smith. Complaint No. 1555.

Now comes the plaintiff, by A. L. Gary, attorney, and files his complaint herein, together with an affidavit that said defendants, Newton Smith and Alfred Smith are not residents of the State of Indiana; that said action is for petition to sell real estate to pay debts and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants, last named, that unless they be and appear on the 30th day of November, 1918, at the court house in Rushville in said county and state and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and the seal of said court, affixed at Rushville this 7th day of October A. D. 1918.

LET THE CHICKENS HAVE THEIR WINE, SAYS PROF.

(By United Press.)

London, Oct. 3. (By Mail.)—Mrs. Ten says to her lord and master, "Another little drink wouldn't do me any harm", it'll be no use for him to argue the point. She is backed by authority.

The professor of agriculture at Fontainebleau has been making a discovery about eggs.

He took a dozen hens and gave 6 of them a little wine each day and kept the other 6 enforced totalitarians. Stimulant triumphed over prohibition and the totalitarians were beaten to a frazzle! They laid only 27 eggs as compared with the wine-bibbers' 180, and the latter were much superior in quantity.

It is a dangerous discovery to have made in these days of strikes, especially with winter coming. Now that women are getting their rights everywhere (or most everywhere), it is quite conceivable that all hens will go on a strike and refuse to lay eggs unless they get their beer.

IRISH SHIP SUNK; 17 DIE

Belfast, Oct. 22—The Irish steamer Dundalk was torpedoed in the Irish Sea last week. Of the crew of more than thirty only thirteen were rescued. The Dundalk was owned by the Dundalk and Newry Steam Packet Company. She measured 863 tons.

SIXTEEN FROM STATE ARE IN CASUALTIES

One Thousand, One Hundred and Twenty-Eight Names Are in Today's Overseas Report

TWENTY-ONE ARE PRISONERS

Washington, Oct. 21.—One thousand, one hundred and twenty-eight names are in today's casualty list of which 144 were killed in action; 116 missing in action; 372 wounded severely; 48 died from wounds; 45 wounded slightly; 6 died of accidents and other causes; 322 wounded (degree undetermined); 54 died of disease; 21 prisoners.

The following sixteen Indiana casualties are reported by the Commanding General of the American Expeditionary Forces:

Killed in action—Private Alfred Housefield, Madison.

Missing in action—Mechanic Luke L. Reiley, Alexandria; Private Fred O. Schuette, Retreat; Private James T. Ward, Westpoint; Private Robert Warnick, Bloomfield; Private Roy Hanover, English; Private Spart, Gary.

Wounded severely—Private Hegry Anler, Alexandria; Private James G. Chastain, Bedford; Private Silas Saiter, Horn, Lynn; Private Loren M. Shew, Clinton.

Wounded (degree undetermined)—Private Monroe E. Link, Terre Haute; Private Delbert Kenhall, Shelbyville; Private Albert Heinze, Vincennes; Private Rolla Noel, Freedom; Private Edward B. Southern, Kokomo; Private Hermap E. Swift, Alexandria.

OLD SOLDIER WELL KNOW HERE IS DEAD

Arthur McClain, Age 81, in Regiment With Many Rush County Veterans, Expires in Iowa

FORMERLY LIVED IN INDIANA

Arthur McClain, age 81 years, died at his home in Emerson, Iowa, Sunday from pneumonia. He was born in Knox county, Ohio, April 16, 1837, and at the age of fifteen moved with his parents to Adams county, Indiana. On September 18, 1861

Mr. McClain enlisted at a private in the union army and was later promoted to corporal and gave faithful service to his country until May 27, 1864, when he was mustered out. He was in Company K, 37th Indiana Volunteers in which there were a number of Rush county soldiers.

The deceased was a member of the Presbyterian church and for thirty years he served as an elder. He was also a member of the Masonic lodge.

Mr. McClain's death comes as a shock to his many friends in Rush county besides his survivors, who are his widow and three children, the Rev. Albert McClain, of Winchester, Idaho; Carl A. McClain and Marian F. McClain of Eugene, Oregon; Mrs. D. L. Lewis, Dayton, Washington. He also leaves thirteen grandchildren, two brothers and one sister.

BARGAINS ARE ALWAYS ADVERTISED

LOST!—\$5,000,000,000.00

In a recent bulletin, issued by the largest manufacturer of farming implements in the world, the company insists that the above amount, or 30 per cent of the gross income of the farms is lost—ALL OF WHICH CAN BE SAVED.

Among the items enumerated are the following:

Waste of Cornstalks Left in Field instead of being
Put in Silo

Waste of Manure instead of conserving same in
Concrete Pits

Depreciation of Farm Machinery through failure to
Properly House Same

Waste of Feed on account of not having proper
Feeding Floor

While the local conditions are far above the average over the country, there is no doubt that if every farmer in Rush County would heed the above warning that enough MONEY WOULD BE SAVED to float our share of the NEXT LIBERTY LOAN.

PROTECT YOUR HIGH PRICED MACHINERY WITH PROPER BUILDINGS.

SAVE YOUR FEED WITH CONCRETE FEEDING FLOORS AND AUTOMATIC FEEDERS.

SAVE YOUR WASTED CORN STALKS WITH SILOS NEXT YEAR.

PROTECT YOUR MANURE WITH CONCRETE PITS

SAVE THE PIGS WITH SUNLIT HOG HOUSES.

HEED THE ABOVE ADVICE AND INCREASE YOUR INCOME TAX.

Pinnell-Tompkins Lumber Co.

NO OFFICIAL WORD OF ARRIVAL OF THE 38TH

Former Company B Boys May Be
Overseas, But War Department
Withholds Announcement

FIRST REPORT IS UNOFFICIAL

Although the 38th division, in which are most of the Rush county boys who enlisted in Company B, and were in training in Camp Shelby, Mississippi, for a year, may have arrived overseas, the war department has no official word to that effect. Reports published in an Indianapolis newspaper last week of the arrival of the division were based on precise knowledge of the time the division sailed, together with the knowledge of the usual time required for the voyage overseas.

Many Rush county people anxiously await the official word from the war department stating that their sons have made the trip safely. It is possible that some of the units of the 38th have arrived and that others have not, depending on the size of the transports used. The war department refuses to give information of the arrival of a division until every one of its units has arrived overseas. It some times requires more than one convey of ships to carry a division. Some members of old Company B have already arrived overseas, having gone with an advance detachment, and others went several months ago, having been selected for foreign service with other units.

2,000 SEAMEN CALLED

Washington, Oct. 22.—A call for 2,000 men to work as firemen on the American Merchant Marine, to make good a deficiency in volunteers caused by the influenza epidemic, was issued yesterday by the shipping board. Men from 18 to 35 years inclusive, weighing at least 140 pounds, are wanted for the work.

Private Jean Fournan, of New York, is known as the "Red Cross man" at the American Military Hospital No. 1, where he is convalescing. A cross on his back, the mark of two pieces of shrapnel, will be a life-long scar.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head
and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

ANOTHER DEATH AT THE OWENS HOME

Mary Louise West, Grand Daughter
of Mrs. Tobias Owens, Who Died
Sunday, Expires Today

THIRD IN FAMILY TO SUCCEMB

Mary Louise West, age 2 years, daughter of Mr. and Mrs. Jesse West, died this morning about four o'clock at the home of her grandfather, Tobias Owens, in South Pearl street. She died from pneumonia which developed from the Spanish influenza. The deceased leaves a father, mother and one sister. The funeral services will be held tomorrow morning at ten o'clock at the house, and will be private, with the Rev. Father M. W. Lyons of the St. Mary's Catholic church conducting the services. Burial will take place in the Calvary cemetery.

At the same time, the funeral of Mrs. Owens, the child's grandmother, and of Louise Owens, her aunt, both of whom died of pneumonia, will be held. All three have died since Sunday, Mrs. Owens being the first to pass away. The whole family, including several children, was stricken with the Spanish influenza, and in the three cases which were fatal, pneumonia developed.

Germany's Peace Answer Does Not Meet With Allies Approval

Continued from Page One

ed suspicious and that if Germany were actually in the dire straits which such a note indicated she would never admit it to the allies.

Entente military men also pointed to the fact that Germany is conducting her retirement without great losses in men and supplies and in perfect order. They doubt whether her military situation is so weak as is generally supposed, although the fact that the allied strength grows daily while the German army diminishes probably plays a part in prompting the present desperate attempt for an early peace.

Austria's imminent collapse was pointed out to as another factor which is prompting the German move for an early peace. Morale which is growing weaker in Germany, would receive a serious blow in the event of an Austrian defection, diplomats say.

Senator Hitchcock, chairman of the foreign relations committee, declared he believed the note was an acceptance of President Wilson's terms. However, Mr. Hitchcock did not think it would result immediately in an armistice as he expects General Foch to demand such hard terms that Germany will delay negotiations. As for the changes in the German constitution, the foreign relations chairman felt the Germans had met the President's requirements.

Senator McCumber characterized the answer as "camouflage."

Senator Borah called soft a liar, exclaiming: "They don't know what a free government is."

Senator Lodge, Republican leader, withheld comment, pending closer study of the German note.

Senator Thomas said the President should refer Germany to Foch for further negotiations. He felt Germany's denial of atrocities branded the whole note as false.

Justifiable Vanity

Every man likes to meet a friend who says: "That's a good looking suit you have on!"

And yet the same man will deny the statement that he has a touch of vanity in his make up.

One likes to look young as long as possible and to feel that his neighbor thinks he looks young. His mirror is his father confessor.

This is what we call "justifiable vanity" in man—just as it is in woman.

In their style and carefully selected fabrics, their skillful tailoring and easy fit, Roberts-Wicks Clothes present a marked difference from any other ready-to-wear clothes.
